

The Nova Scotia Bird Society is entirely run by volunteers! We always can use a helping hand in various activities and tasks. Please consider one of the opportunities below to donate some of your time and skills to your Bird Society.

We are looking for leaders and co-leaders for field trips. You know a great birding spot that you want to share with fellow birders? You know the area, we know the birds!

Please check here and our field trip coordinator will get in touch with you:

Our magazine Nova Scotia Birds is produced by several volunteers. Editors, writers of essays and reports, photographers, proof readers, layout editors, and production helpers to get the next issue into your mailbox. If you have an interest or skill that could improve our magazine please check here and we would love to see you getting involved.

We also plan to make the Bird Society more visible. Interested or skilled in working with the media or public? Please check here that we can find out what you have in mind.

Interested in conservation of wildlife and its habitat? Please check here and we will contact you if we need a helping hand or a voice in our conservation efforts.

We also like to know if you think of other ways how you think you could assist the Bird Society and its mandate. Please let us know!

Please visit our website www.nsbirdsociety.ca for more information!

Please note that membership applications and orders can be placed online and paid by credit card. Credit Card payment (via PayPal) is only available for online transactions!
